Welcome to St. Louis School!

Thank you for investing in your child's future with an education from St. Louis School. Finding the right fit for your child's educational development is an important decision and we are appreciative that you have chosen to be a part of our school family.

We are very proud of the many wonderful advances that continue to sustain the legacy of St. Louis School. Our preschool program has been designed to address the unique needs of our families and features a hands-on, science-based curriculum. For Kindergarten through 5th Grade, the curriculum focuses on making students successful in the 21st century. Our staff and our parish work in conjunction to foster a faith-based learning atmosphere that promotes our school's mission, emphasizing Faith, Respect, Service, and Academic Excellence. The full-wrap Extended Care program allows parents to have their children cared for before and after regular school hours.

Our faculty and staff teach and practice our Catholic faith each day at St. Louis and demonstrate acceptance of all. I encourage you to research for yourself all of the factors that set St. Louis School above every other area school.

As always, please feel free to contact me or our Registrar, Mrs. Laurie Aldred, with any questions or concerns that you may have.

God's Blessings,

Mrs. Fran Barr
