2019 Spring Enrichment Program

Welcome

Dear Parents,

We are pleased to offer Enrichment Programs this spring for St. Louis students in kindergarten through fifth grade. These extracurricular activities are offered after school.

Enrollment in these programs is on a first-come first-serve basis, requiring prompt registration and payment on or before **April 11th**. In the event that program reaches the maximum number, a lottery system will be used to fill the remaining spots.

We kindly request that if you choose to provide a snack for your child(ren) during the after school enrichment programs, ensure that it is nut free in order to maintain a healthy environment for all. Moreover, please note that if your child is enrolled in the after school wrap around program, you must register your child(ren) in the Enrichment Programs and submit payment for the courses.

Our goal is to provide a variety of programs that meet the interest of our students. We welcome your questions and comments as we proceed throughout the year.

Thank you for your support.

Early introduction increases the student's ability to absorb rather than translate the language. If you have taken a CultureKids class previously, new vocabulary is introduced with each session - never a repeat. Join the fun!
