2019 Winter Enrichment Programs

Welcome

Dear Parents,

We are pleased to offer Enrichment Programs this winter for St. Louis students in kindergarten through fifth grade. These extracurricular activities are offered after school.

Enrollment in these programs is on a first-come first-serve basis, requiring prompt registration and payment on or before **January 25**. In the event that program reaches the maximum number, a lottery system will be used to fill the remaining spots.

We kindly request that if you choose to provide a snack for your child(ren) during the after school enrichment programs, ensure that it is nut free in order to maintain a healthy environment for all. Moreover, please note that if your child is enrolled in the after school wrap around program, you must register your child(ren) in the Enrichment Programs and submit payment for the courses.

Our goal is to provide a variety of programs that meet the interest of our students. We welcome your questions and comments as we proceed throughout the year. There will be a Spring Enrichment session to be communicated at a later time.

Thank you for your support.

Join us for a taste of *food, fun & friends*, a cooking school for kids at St Louis School! St. Louis students in grades 3 – 5 will learn to develop their team building skills while “working” together to create delicious, healthy alternatives to store-bought, pre-packaged, pre-made items. With just a few ingredients from the fridge/pantry, watch your child’s self esteem take flight, as they are encouraged to roll up their sleeves, dig in and learn to create homemade, cost-effective meals and snacks. Kids can’t wait to grow up and this is a great way to allow them to be independent and resourceful—and to teach them how to utilize necessary ingredients for a healthy and delicious life! If you have any additional questions or concerns, check us out at foodfunandfriends585.com and on Facebook. Please feel free to contact Mary any time at foodfunandfriends585@gmail.com or call 585-261-8170.

Class dates: 2/6, 2/13, 2/27, 3/6, 3/13, 3/20, 3/27

Enrollment: 4 minimum/12 maximum

Build a love for STEM with Robotics at Sylvan! New enrollments are encouraged to try Robotics! In this fun course, your child will learn how to build and program robots - all while making friends, developing new skills and having a blast with STEM. Your child will enjoy the:

- Hands-on projects building and animating LEGO robots.
- Creative exercises that develop critical thinking skills and encourage an early love for STEM.
- Energy of small group teamwork. Unique curriculum that aligns with STEM education.

A more advanced STEM class will be scheduled in the Spring session.

Class dates: 2/14, 2/28, 3/7, 3/14, 3/21, 3/28

Spanish for Elementary Years

Library/Reading Room

This will be a 6 week class.

Enrollment: 4 minimum/12 maximum

Get a head start on the language by joining the Culture Kids Club for a fun, interactive, educationally-oriented curriculum that is specifically designed for the K-5 student to learn the Spanish language. This unique and exciting program features foundation vocabulary introduced through games, singing and engaging activities. Students will be able to compound words and begin forming simple sentences. Early introduction increases the student's ability to absorb rather than translate the language. If you have taken a CultureKids class previously, new vocabulary is introduced with each session - never a repeat. Join the fun! For more information, visit the CultureKids website at www.CultureKidsClub.com.

Class dates: 2/5, 2/12, 2/26, 3/5, 3/12, 3/19

All after school enrichment activities require the assistance of one C.A.S.E.-trained parent volunteer to assist the instructor. No previous experience or special training, beyond C.A.S.E. training, is required. Our enrichment programs depend on parent volunteers. Thank you in advance for your help!

Winter 2019 Enrichment Registration

Registering is as easy as 1-2-3! Here's how:
